

## Project KickStart Solutions IdeaBridge Consulting Lands Multi-Million Dollar International Project with PKS

### The Customer

John Callos, IdeaBridge Consulting Group

### The Challenge

Develop an on-site project plan under extremely tight deadline for a large international banking company.

### The Solution

John Callos and his team were under a time crunch to produce a viable project plan for one of Asia's largest banking companies. The project, if awarded to them, would provide IdeaBridge Consulting Group with a six-month onsite project.

According to Callos, "This was the project of a lifetime and I've gone on record before stating that it was Project KickStart that was largely responsible for us landing that project. Without the ability to quickly gather my thoughts and put together a project plan outline VERY quickly, I would not have landed that project for our firm."

### The Benefits

For John Callos and IdeaBridge Consulting Group, PKS provided:

- \* Ease-of-use
- \* Fast project development from conception to plan
- \* Effective team communication and collaboration

### Project KickStart Pro 4

Project KickStart Professional 4 is our flagship project management software that enables companies and individuals to generate ideas, solve problems and increase efficiency. Pro 4 is powerful, yet easy to use, project planning and management software for dynamic business projects. The

step-by-step wizard expertly guides you through the quick steps for developing a plan. You'll identify phases, goals, tasks, obstacles, solutions, and resources. You can schedule tasks and the professional Gantt charts let you set dependencies between tasks so date changes automatically update entire project plan. Choose reports for each phase of your project: including project planning, project management, and advanced Gantt chart reports to keep you informed of the latest project assignments, status, schedule and more.

If needed, you can export to the following: Microsoft Word, Excel, PowerPoint, Outlook, Microsoft Project, ACT! MindManager, or WBS Chart. Project KickStart Standard 4 is available for more basic projects.
